

DESeq2_analysis	This file contains a code within R used in DESeq2 analysisof NGS data
visualisation	This file contains a code for PCA + heatmap + Volcano plots of DESeq2 results

	DEXSeq_datasets	This file contains different exon expression datasets produced through DEXSeq analysis	
	DEXSeq_analysis	This file contains a code used in DEXSeq analysis of NGS data	
	DEXSeq_plots	This file contains a code used in DEXSeq, to produce plots visualising differential exon usage+expression	
	finalggf3_26.6.gff3	This file contains the GFF3 annotation file used within DEXSeq
